## **SECTION 4: First aid measures**

### 4.1 Description of first aid measures

| General advice :          | Move out of dangerous area.<br>Consult a physician.<br>Show this safety data sheet to the doctor in attendance.  |
|---------------------------|--|
| If inhaled :              | Move to fresh air.<br>Consult a physician after significant exposure.  |
| In case of skin contact : | Take off contaminated clothing and shoes immediately.<br>Wash off with soap and plenty of water.<br>If symptoms persist, call a physician.   |
| In case of eye contact :  | Immediately flush eye(s) with plenty of water.<br>Remove contact lenses.<br>Protect unharmed eye.<br>Keep eye wide open while rinsing.<br>If eye irritation persists, consult a specialist.                                |
| If swallowed :            | Clean mouth with water and drink afterwards plenty of water.<br>Do NOT induce vomiting.<br>Do not give milk or alcoholic beverages.<br>Never give anything by mouth to an unconscious person.<br>Obtain medical attention. |

## 4.2 Most important symptoms and effects, both acute and delayed

None known.

**4.3 Indication of any immediate medical attention and special treatment needed** Treatment : No information available. \_\_\_\_\_

| DICROM DB-512                                 |  |  |
|---|--|--|
| Version 1.0                                   | MSDS Number: H53369  | Revision Date: 13.05.2015  |
|   |  |  |
| SECTION 5: Firefighting meas                  | sures  |  |
| 5.1 Extinguishing media                       |  |  |
| Suitable extinguishing media                  | : Alcohol-resistant foam<br>Dry chemical   |  |
| 5.2 Special hazards arising from              | the substance or mixture   |  |
| Hazardous combustion prod-<br>ucts            | : No hazardous combustion pro  | oducts are known   |
| 5.3 Advice for firefighters                   |  |  |
| Special protective equipment for firefighters | : In the event of fire, wear self-   | contained breathing apparatus.   |
| Further information                           | must not be discharged into d<br>Fire residues and contaminate<br>be disposed of in accordance | ed fire extinguishing water must<br>with local regulations.<br>fire, cans should be stored sepa- |

### **SECTION 6: Accidental release measures**

### 6.1 Personal precautions, protective equipment and emergency procedures

| Personal precautions            | : Use personal protective equipment.<br>Ensure adequate ventilation.  |
|---------------------------------|---|
| 6.2 Environmental precautions   |   |
| Environmental precautions       | <ul> <li>Try to prevent the material from entering drains or water<br/>courses.</li> <li>If the product contaminates rivers and lakes or drains inform<br/>respective authorities.</li> </ul> |
| 6.3 Methods and material for co | ntainment and cleaning up   |

| Methods for cleaning up | : Soak up with inert absorbent material (e.g. sand, silica gel, |
|-------------------------|---|
|                         | acid binder, universal binder, sawdust).                        |
|                         | Keep in suitable, closed containers for disposal.               |

### 6.4 Reference to other sections

For contact information in case of emergency, see section 1. For information on safe handling, see section 7. For exposure controls and personal protection measures, see section 8. For subsequent waste disposal, follow the recommendations in section 13.

Version 1.0

MSDS Number: H53369

Revision Date: 13.05.2015

### **SECTION 7: Handling and storage**

#### 7.1 Precautions for safe handling Advice on safe handling : Avoid exceeding the given occupational exposure limits (see section 8). Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. Dispose of rinse water in accordance with local and national regulations. : Avoid formation of aerosol. Keep away from sources of igni-Advice on protection against fire and explosion tion - No smoking. Take measures to prevent the build up of electrostatic charge. : Handle in accordance with good industrial hygiene and safety Hygiene measures practice. When using do not eat or drink. When using do not smoke. Wash hands before breaks and at the end of workday. 7.2 Conditions for safe storage, including any incompatibilities Requirements for storage : No smoking. Keep container tightly closed in a dry and wellareas and containers ventilated place. Storage period : 12 Months Other data : No decomposition if stored and applied as directed. 7.3 Specific end use(s) Specific use(s) : For the use of this product do not exist particular recommendations apart from that already indicated.

## **SECTION 8: Exposure controls/personal protection**

### 8.1 Control parameters

### **Occupational Exposure Limits**

| Components          | CAS-No.   | Value type (Form | Control parameters | Basis   |

### STOT - single exposure

### Product:

Assessment: The substance or mixture is classified as specific target organ toxicant, single exposure, category 3 with respiratory tract irritation., The substance or mixture is classified as specific target organ toxicant, single exposure, category 3 with narcotic effects.

### STOT - repeated exposure

### Product:

Assessment: The substance or mixture is classified as specific target organ toxicant, repeated exposure, category 2.

### Aspiration toxicity

### Product:

Based on available data, the classification criteria are not met.

### **Further information**

### Product:

Remarks: Solvents may degrease the skin.

### **SECTION 12: Ecological information**

| Other regulations |  | product is classified and labelled in accordance with EC tives or respective national laws. |  |

### **15.2 Chemical Safety Assessment**

Not applicable

### **SECTION 16: Other information**

### Full text of R-Phrases

| R10    | Flammable.  |
|--------|---|
| R11    | Highly flammable.   |
| R20    | Harmful by inhalation.  |
| R20/21 | Harmful by inhalation and in contact with skin.   |
| R36    | Irritating to eyes.   |
| R37    | Irritating to respiratory system.   |
| R38    | Irritating to skin.   |
| R51/53 | Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment. |
| R65    | Harmful: may cause lung damage if swallowed.  |
| R66    | Repeated exposure may cause skin dryness or cracking.                                       |
| R67    | Vapours may cause drowsiness and dizziness.   |

### **Full text of H-Statements**

| H225 | Highly flammable liquid and vapour.                               |
|------|---|
| H226 | Flammable liquid and vapour.                                      |
| H304 | May be fatal if swallowed and enters airways.                     |
| H312 | Harmful in contact with skin.                                     |
| H315 | Causes skin irritation.   |
| H319 | Causes serious eye irritation.                                    |
| H332 | Harmful if inhaled.   |
| H335 | May cause respiratory irritation.                                 |
| H336 | May cause drowsiness or dizziness.                                |
| H373 | May cause damage to organs through prolonged or repeated exposure |
|      | if inhaled.   |
| H411 | Toxic to aquatic life with long lasting effects.                  |

### **Further information**

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
